● Objective

Highly skilled Frontend Developer with [two years] of experience dedicated to creating visually appealing and user-friendly web applications. Proficient in modern web technologies, including HTML5, CSS3, JavaScript, and ReactJS. Passionate about optimizing user experiences and ensuring cross-browser compatibility Seeking to leverage my expertise to contribute to innovative projects and join a dynamic team of developers.

● Education

Bachelor of engineering

Benha University

Electrical Department.

● Experience

Position:Frontend Developer.

Company:Prime Group.

Employment Type:Full-Time (Remotely)

Start Date:[May 2023]

1. Collaborated extensively with cross-functional teams, including back-end developers, UI/UX designers, and product managers, to conceptualize, design, and develop user-friendly and responsive web applications for our e-commerce platform.
2. Leveraged a wide array of frontend technologies, such as HTML5, CSS3, JavaScript, and popular JavaScript libraries and frameworks, including React and Vue.js, to build and maintain the website's frontend components.
3. Applied responsive design principles meticulously to ensure seamless user experiences on a broad spectrum of devices and screen sizes, enhancing the site's accessibility and usability.
4. Actively participated in regular code reviews and diligently conducted debugging and testing procedures, ensuring the delivery of high-quality code and a frictionless user experience for our customers.
